SHIPS FITTED WITH REFRIGERATING APPLIANCES

Ships having a refrigerated capacity of 80,000 cubic feet and over, and including all ships having installations classed with Lloyd's Register or the British Corporation

SHIPS FITTED WITH REFRIGERATING APPLIANCES

Ships having a refrigerated capacity of 80,000 cubic feet and over, and including all ships having installations classed with Lloyd's Register or the British Corporation

Explanations of Notations and Records

✠Lloyd's RMC Lloyd's RMC	Refrigerating Machinery Certificate, denoting that the Refrigerating Machinery and Insulation of an insulated ship are fitted in accordance with the Rules. The ✠ signifies that the Refrigerating Installation was specially surveyed by the Surveyors during construction.
RMC* RMC	Refrigerating Machinery Certificate, denoting that the Refrigerating Machinery and Insulation of an insulated ship are fitted in accordance with the British Corporation Rules. The * signifies that the Refrigerating Installation was specially surveyed by the Surveyors during construction.
✠Lloyd's RMC(RS) Lloyd's RMC(RS) RMC*(RS) RMC(RS)	Refrigerating Machinery Certificate, denoting that the Refrigerating Installation has been surveyed by the Surveyors in accordance with the *Running* Survey arrangements, and was found in good condition at the time mentioned.
SRMC SRMC	Special Refrigerating Machinery Certificate, denoting that the Refrigerating Installation was found in good condition by the Surveyors after *Special* Survey at the time mentioned.
‡	Denotes that the Refrigerating Installation has been designed, and has been considered by the Society, for cooling cargo loaded at temperatures above the carrying temperature. The rate of cooling and the equipment provided vary considerably as between one installation and another. On application by the Owners, or anyone authorised by the Owners, to Head Office, the Society will issue a statement/s showing the capability of a classed installation to cool stated weights and descriptions of cargoes under stated conditions. The statement will be based on the assumption that the cargo is in a proper state for the voyage intended, is stowed efficiently according to its nature and packing; that the installation is maintained in an efficient state, is operated to the best advantage in the interests of the satisfactory cooling and carriage of the cargo, and low temperatures which would adversely affect the cargo are not applied.
TEMPERATURE	The temperature shown below the record denotes the minimum approved temperature which an installation can maintain under the conditions appertaining to the maximum sea temperature which follows, with any one unit of refrigerating machinery out of action as required by the Rules. The temperature at which a cargo is to be carried is not the responsibility of the Society.
DATE	The date following the record denotes that the Refrigerating Installation was found in good condition by the Surveyors after *Complete* Survey at the time mentioned. The date below the record denotes that the Refrigerating Installation was found in good condition by the Surveyors after *Modified* Survey at the time mentioned.

REFRIGERATED STORES CLASSED WITH LLOYD'S REGISTER

These stores are on the approved list of the Institute of London Underwriters with the exception of those stores, or sections of stores, marked with an asterisk.

The ✠ in column 2 indicates that the refrigerating machinery and insulation were constructed under the special survey of the surveyors to Lloyd's Register.

The date following the record is the date of the survey on which Lloyd's Refrigerating Machinery Certificate (Lloyd's RMC) was granted.

LIST
OF
SHIP OWNERS AND MANAGERS.

NOTE.—This List consists chiefly of the Names of Managing Owners. It therefore does not include the names of some large Owners of Shipping Property, or form a true indication of the extent to which others are interested in Shipping.

When a ship is recorded in the Register Book as owned by an individual or a group of two or more individual Owners, with the addition of the name of a Manager or Managers, it is entered in the List of Ship Owners and Managers under the name of the Manager(s) only, no reference being made to the Owner.

Similarly, when a ship is recorded as owned by a Company named after the ship (*e.g.*, Britannia S.S. Co., Ld.—whose only ship is the s.s. "BRITANNIA"), with the addition of the name of a Manager or Managers, it is entered in the List of Ship Owners and Managers under the name of the Manager(s) only, no reference being made to the Owning Company.
